

Club Duties policy

This document explains the duty obligations for club members.

- All solo pilots are expected to be on the Winch Driver, Launch Point Controller or Instructor duty rota.
- Tug pilots who are not instructors are also on the LPC or Winch rota.
- The Treasurer and any other high workload club post agreed by the committee are exempt from the above duties.
- There is no upper age limit for duties but if any member feels they are not fit for a particular type of duty they can apply to the committee for dispensation.
- Existing members over the age of 70 who are not on the duty rotas are exempt from this new policy.
